# The Game Through Players' Eyes:

"You have to think of how everyone can win. You have to find another way around a situation. You experiment with your ideas and you make mistakes."--Secretary of State Erny, 10

"I learned that helping people is very important and might be the ONLY thing that matters." --Chief Justice Powell, 11

"When we learned that to benefit ourselves we have to benefit others I think that is when we really won the game."

--Prime Minister Zelle, 12

The World Peace Game Master Class five-day experience combines morning observations and afternoon collaborative discussions authorizing attendees' use of the World Peace Game ideas and concepts.
